Recruitment of JRF in IUAC-UFR funded project

Applications are invited for one temporary Junior Research Fellow (JRF) position in the IUAC funded project entitled "Quasielastic scattering studies in $^{30}Si+^{142,150}Nd$ systems around coulomb barrier." in Department of Physics, Central University of Kerala, Kasaragod. The position is for one year, subject to satisfactory performance of the candidate. The position will be co-terminus with the project.

The requisite qualifications and experience etc. are as follows;

Project File No.	
Project Title	Quasielastic scattering studies in $^{30}Si+^{142,150}Nd$ systems around coulomb barrier
Salary per month	Fellowship: ₹ 25,000/- per month for NET-GATE qualified students and 14,000/- for non-NET,GATE qualified students
Qualifications	Essential Qualifications: • M.Sc. or equivalent with specialization in physics
Work experience	Candidates with prior working experience in nuclear reactions, nuclear data analysis will be preferred.
Terms and conditions	• Interested candidates may send the duly filled and signed application via email to **Dr. E. Prasad** (prasadenair@cukerala.ac.in) on or before 21 July 2026. Please mention "Application for IUAC-UFR Project – JRF" in the subject line. • The application should include: – A one-page motivation letter – Curriculum Vitae (CV) • Shortlisted candidates will be informed by email regarding the interview (online/offline). • No TA/DA will be provided for attending the interview. • The selected candidate will be appointed on a purely temporary basis, and the position will be co-terminus with the project.
