Dear Lincy Edatt,

As a full-time faculty member at the UNC School of Medicine at the University of North Carolina at Chapel Hill in the Department of Medicine and a Lineberger Comprehensive Cancer Center member, I wish to invite you to come to my laboratory as a Postdoc Research Associate from 11/1/2020 to 10/31/2021, with a renewable annual contract.

The nature of your research to be performed in the LCCC will be as follows: You'll focus on studying the contribution of tumor angiogenesis and the immune microenvironment on promoting cancer metastasis, with a particular focus on how Quaking (QKI) expression in the endothelium is involved in how the innate and adaptive immune systems cross-talk in these processes. We have a particular interest in how we can exploit this understanding for the development of new therapeutic approaches. You'll also be expected to help mentor students in scientific techniques and academic discussions.

This certifies that the program in which you are to be engaged is solely for the purpose of research, consultation, teaching, or observation and that no element of patient care services is involved. You will be supported with a salary of \$52,704 from UNC payroll, plus benefits per the School of Medicine. You will be provided laboratory and office space to conduct your research as well as equipment and supplies.

I believe you are qualified for this research due to your prior high-quality work in angiogenesis, molecular biology and cell biology and your excellent training. We are excited to have you join our group and our efforts to make an impact on cancer.

Sincerely,

Chad V. Pecot, M.D.

Onderwerp: TU/e Gedragscode wetenschapsbeoefening

Voor de TU/e als onafhankelijke wetenschappelijke instelling is het van het grootste belang duidelijke normen te hanteren ten aanzien van de wetenschapsbeoefening binnen onze universiteit.

Het wetenschappelijk personeel van de TU/e dient zich daarom te houden aan de Nederlandse Gedragscode Wetenschapsbeoefening en de daarop gebaseerde TU/e Gedragscode Wetenschapsbeoefening, die bij deze brief gevoegd is.

Voor u betekent dat meer concreet dat wij u vragen binnenkort de TU/e Gedragscode voor akkoord te tekenen in aanwezigheid van uw eerste promotor. Het niet ondertekenen van de code is een ontbindende voorwaarde voor uw dienstverband.

In het komende jaar dient u verder de workshop over Wetenschappelijk Integriteit te volgen in het kader van het TU/e PROOF programma. U ontvangt hier uiteraard nog nadere informatie over. Datzelfde geldt voor een door u in uw vierde jaar te volgen cursus over wetenschappelijk integriteit binnen uw eigen faculteit.

Te zijner tijd dient u tot slot een verklaring te tekenen dat uw dissertatie conform de regels van de Gedragscode tot stand is gekomen.

As an independent science and academic institute, TU/e attaches great importance to employing clear standards with regard to scientific practice within the university.

The academic staff of TU/e is therefore required to uphold the Netherlands Code of Conduct for Academic Practice and the TU/e Code of Academic Conduct (based on the former), which is added to this letter.

For you, this means that you will shortly be asked to sign the TU/e Code of Conduct in the presence of your primary doctoral supervisor. Not signing the code results in an annulling condition for your employment.

Furthermore, in the coming year, you will be required to attend the workshop about Academic Integrity as part of the TU/e PROOF program. You will naturally receive more information about this. The same applies to a course about scientific integrity within your own department, which you should attend in your fourth year.

Finally, in due time, you will need to sign a declaration that your thesis was written in compliance with the Code of Conduct.

These courses, upon their successful completion, will be counted towards your degree requirements once you are formally admitted subsequently. These steps will help you in completing your course-work requirements sooner, so that you can start on your research early.

6. This offer being a provisional letter of admission does not confer any right to seek regular admission in the absence of the Institute satisfying itself as to your eligibility for admission. An order of regular admission will be issued to you only upon the institute satisfying itself as to your eligibility under this programme after verification of the originals of the documents relating to your eligibility, payment of fee and completion of the registration formalities on the date of admission. Should you register for some courses as recommended, the same does not in any way constitute a formal admission to the PhD programme until your date of joining.

Dear Ms Hansel,

Application for Postgraduate Study - MRes Neuroscience (full time)

I am pleased to confirm that your application to study at Newcastle University has been successful. Details of your conditional offer can be found in the 'Terms and Conditions of Your Offer' section of this letter.

To accept (or decline) your offer, login to your Applicant portal at <https://aspire.ncl.ac.uk/Login>. Use the user name and password you selected when you applied, and click on the Accept button.

When you accept your offer you are accepting the University's overall Terms and Conditions. A copy of these is available at www.ncl.ac.uk/pre-arrival/regulations.

Studentship/Scholarship

This is an offer to study on the programme only, it is not linked to any studentship or scholarship you may have also applied for. You will be notified separately with details of any funding from the University or Sponsor.

Newcastle University does offer some discounts and partial scholarship awards to prospective students from all over the world. Please see the following for further details: <http://www.ncl.ac.uk/postgraduate/funding/>.

It also includes information about applying for a visa, accommodation, funding and fees, and the support we provide to welcome you to Newcastle.

Primary Topic of Research	

* Under normal circumstances you will not be permitted to start the course beyond this date. If you foresee any problem which may affect your arrival in Newcastle please notify the Postgraduate Admissions Team immediately.

** This is the expected completion date for the research phase of your studies. A further, final year of study is available for writing up. Full details of writing-up fees for Postgraduate Research Students are available at www.ncl.ac.uk/tuition-fees/costs/.

*** Newcastle University charges tuition fees by academic year. The University's full academic year runs from September to August. If you have a mid-year start date, you will only pay a proportion of this tuition fee to cover the period of study to the end of the academic year. If your course lasts longer than an academic year, the fee due in September, at the start of the next academic year, will normally be higher than in the previous year, due to an annual inflationary increase. Further information about tuition fees is available at www.ncl.ac.uk/tuition-fees/costs/.

May I take this opportunity to congratulate you on your offer of a place to study at Newcastle University. I hope that you will accept your offer and I wish you every success in your future studies with us.

Yours sincerely,

Mrs Caroline McLean
Senior Postgraduate Admissions Manager

Deposit Payment

If you need a Tier 4 student visa to study in the UK, you will need to pay a minimum of £1,500 tuition fee deposit. You should pay your deposit as soon as you accept your unconditional offer. We can then send you a Confirmation of Acceptance for Study (CAS) for your visa.

You do not need to pay a deposit if you're able to provide proof of sponsorship. If you are being sponsored, attach your formal sponsorship letter to your Applicant Portal as soon as it is available.

For information on how to pay your deposit see the Postgraduate Offer guide at <http://www.ncl.ac.uk/postgraduate/your-offer-guide/internationalstudents/#conditionaloffer>.

Visa Requirements

Most international students need a Tier 4 student visa to study in the UK. You will need a Confirmation of Acceptance for Study (CAS) from us to make a Tier 4 student visa application. We will be able to issue your CAS when you have accepted your unconditional offer and paid your deposit. Your CAS will be sent to you around 3 months before the start of your course. The CAS will be sent to you by email - please ensure that the email address that the University holds for you is correct. You can use the CAS to make your Tier 4 application no earlier than three months before your course starts. Tier 4 students must have a visa bearing the Newcastle University Sponsor License Number CKTK52NU0 in order to register at Newcastle University.

Payment of Tuition Fees

The fees for your course are given in the 'Terms and Conditions of Your Offer'.

You will see that you have been classified as an international student for fees purposes, according to the provisions of the relevant UK legislation. A summary of the definitions of Home and Overseas fee status is available on the UKCISA website at <http://www.ukcisa.org.uk/Information--Advice/Fees-and-Money/Home-or-Overseas-fees-the-basics>. If you do not agree with our assessment of your fee status you can email us at pgadmissions@ncl.ac.uk.

At least half of your tuition fees must be paid at Registration and the second half will be payable in January. If you are responsible for payment of any or all of your tuition fees, you can get a 2% discount if you pay your fees in full by the end of Registration week (for those starting their programmes of study in September). The discount applies to the proportion of fees you are personally responsible for. If you are being sponsored, you should provide proof of sponsorship at or before Registration.

If you are a self-funding graduate of the University you may be eligible for a 20% alumni reduction in the programme fee - see <http://www.ncl.ac.uk/postgraduate/funding/sources/ourstudentsgraduates/atfd.html> for more information. Further information about paying your tuition fees is available at <https://www.ncl.ac.uk/tuition-fees/payment/>.

Please note that the University does not accept cash payments.

Code of Practice for Research Degree Programmes

The Code of Practice sets out the University's standards for its research degree programmes, providing a common framework for the research student experience at Newcastle from admission through to examination, and includes minimum requirements in relation to supervision and the monitoring of research students' academic progress. A copy of the Code of Practice for Research Degree Programmes is available on the University's web page - <http://www.ncl.ac.uk/students/progress/student-resources/PGR/>.

Confidentiality and Intellectual Property Rights

During the course of your research project at the University, it is possible that you may contribute to the generation of intellectual property (in the form of, for example, patentable ideas, design rights, copyright, including copyright in computer code, know-how etc.) or receive information in confidence. You will be required to agree to keep such information confidential as set down in the University's *Policy Statement on Confidentiality and Intellectual Property (including inventions) and Results for Research Students* which may be found on the University's web page - <https://www.ncl.ac.uk/research/researchgovernance/policies/>.
